## ABOUT

Proactive Junior Software Developer with experience in creating, improving, and completing web applications. Background in e-commerce web design, custom brand graphics, sales, and marketing. Focused on streamlining, optimizing, and managing processes. Interested in opportunities to grow, connect with people, and develop my skills.

## WORK EXPERIENCE

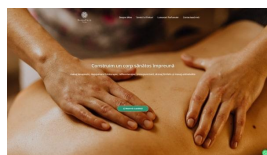

**CUSTOMER RELATIONS AGENT** | *IQBox* | *Bucharest* | *Aug 2021 - Mar 2022*

IQBox - Main Vodafone & Telecom partner in Romania.

- Constantly generated ~50% more individual sales, through optimizing work and effective approach.
- Proven to be the most effective agent.
- Trained 5 people resulting in a ~40% increase in individual sales.
- Specialist in the team meetings regarding the big change of the company's Telecom partner to Vodafone in 2021.
- Implemented more effective target strategies in the department.
- Proficient in data entry, CRM systems, and document management.

## LATEST PROJECTS

**Massage Clinic Website** | [Code](#) | *Apr 2023*

Landing page for a physiotherapy clinic using my WordPress skills. Soon I will add a shopping cart to add products. Designed and developed by me.

**Portfolio Website** | [Code](#) | *Aug 2023*

Developed this website with HTML, CSS, JavaScript, and Bootstrap. This is a project to be able to update with my latest projects as I progress in my skills.

## EXTRAS

---

**Web Developer Bootcamp 30%**

Dr. Angela Yu | Course

**Complete Web Developer 65%**

Stefan Mischook | Course

**Business and Finance 100%**

Dalles Go | Course

**Learning Python 80%**

Step IT Academy | Course

Project Website | Code | Aug 2023

Dynamic and responsive website using CSS, HTML, Javascript and Bootstrap. Leveraging Bootstrap's powerful framework, I integrated all the visuals while keeping the responsive design

## INTERESTS

---

I am learning to have a deeper understanding of more advanced JavaScript. Interested in SQL, Node.js, Angular, and React for web development skills. Coded a bit in PHP and MAMP for the backend course, but now I am focused on perfecting my current skills. Also, I can learn Flask and/or Django for Python development if required.
