Proactive and passionate software developer with experience in creating, improving, and completing web applications. Background in e-commerce web design, custom brand graphics, and marketing. Focused on streamlining, optimizing, and managing processes. Interested in opportunities to grow, connect with people, and develop my skills. Open to relocate

## Work Experience

### Customer Relations Specialist, IQBox

Aug 2021 - Mar 2022

- Generated ~44%+ more sales than the average employee every month, through optimising work and a more effective approach.
- Trained a team of 5 people with ~38% more sales than the average.
- Specialist in the representative company's team meetings regarding the big change of the company's Telecom partner to Vodafone in 2021.
- Personally implemented more effective low-end target strategies in the department.
- Proficient in data entry, CRM systems and document management.

### Web Designer, Kismo

Sep 2020 - Feb 2021

- Designed and developed E-commerce websites and landing pages with Wordpress and Elementor.
- Integrated Facebook Pixel Analytics for sales and leads tracking.
- Maintained and administered websites, including updating contents and improving user experience.
- Experience in troubleshooting and debugging issues related to website design, user data, gdpr, chat, payment and translation.
